PAULINE

Universal truss mount for projectors

- for small to medium-sized projectors
- load capacity up to 25 kg / 55.1 lbs
- quick and easy adjustment options
- safe and rugged design

PAULINE is a lightweight and easy-to-use projector mount that allows small and medium-sized projectors of up to 25 kg to be simply mounted on a truss. The universal mounting system with five individually adjustable arms allows adaptation to almost any thread hole pattern of a projector. This allows the projector to be aligned quickly and easily using the various adjustment screws on the bracket.

SPECIFICATIONS

Model Number	TH-PROJ-UNI
Dimensions	448 mm [17.6 inch] x 394 mm [15.5 inch] x 331 mm [13 inch]
Weight	3.5 kg / 7.71 lbs
Max. weight load	25.0 kg / 55.1 lbs
Approved projectors ^{*1}	PT-EZ590, PT-EW650, PT-EX620, PT-EW550, PT-EX520, PT-RZ570, PT-MZ770, PT-MZ670, PT-DZ870, PT-DW830, PT-DX100, PT-DZ6710, PT-DZ6700, PT-DW6300, PT-D6000, PT-D5000, EP-EB-L510U

^{*1} The listed projectors are only examples. Nearly every projector with a maximum weight of 25kg / 55.1 lbs can be attached to the TH-PROJ-UNI ceiling mount.
